Second Generation RL (2005-2012) - Check your motor mounts!! - Car has a 110K on the clock. I was completely shocked when taking off my mounts. I changed the front and rear mounts. the side mount will have to be done later as i will have to make a new bottom or top plate to make it work. I installed the XLR8 mounts...

Check your motor mounts!! - AcuraZine - Acura Enthusiast ...

This kit included all the parts and fit our 2009 Acura MDX perfectly. FYI - The install was nowhere near as bad as I expected. It is a lot of work and a lot of disassembling of the engine. But it isn't really difficult. Other than removing the crankshaft bolt. That is an adventure in muscle.

The check engine light located on your car's dashboard is a great early indicator that something is about to go wrong (or already has) with your car, and in particular with your transmission. While the light turns on for a number of reasons other than transmission issues, it very important not to ignore this helpful warning sign.
